Subject: NEW RESOLUTIONS ON NORTH KOREA.

Dear Sirs,

Please find attached the recent published UN Resolutions and namely UN 2397(2017) and UN 2375(2017) for which we kindly ask you to be aware about this issue and to check properly the documents submitted for the registration of vessels under Togo flag and the past history of the owners/managers as well as the recent trading area of the vessels, especially within the area of China sea, Japan, the Philippines, Indian ocean, Indonesia and Siam area, and eastern Russia.

Furthermore, all vessels that are already under Togo Flag are prohibited to call any North Korean port or to do any transshipment to any vessels for cargoes loaded from North Korea. Such actions once proved will lead to the immediate cancelation of the vessel form the International Registry of Togo without any notice in advance.

Your special awareness for this matter will be highly appreciated.

Sincerely,

For the International Ship Registry of Togo
