Declaration of the attending surveyor

I, the undersigned, inspected the above mentioned vessel according to the order received by the registrar of the Togolese maritime administration.

The inspection was carried out for the purpose of determining the overall seaworthiness condition of the vessel for the acceptance of her in the Togolese registry.

During the inspection the overall condition of the vessel was determined subject to the requirements of the relative "inspection report", including the items concerning the hull structure, machinery and equipment

Also the records on board (plans, booklets, manuals e.t.c. were reviewed accordingly.

Subject to the aforementioned inspection it is the opinion of the undersigned that the above mentioned vessel can be accepted for ordinary registration by the international ship registry of the Togolese republic.

The here below mentioned recommendations, reveal during the inspection, must be rectified by the attending classification society prior the issuance of any class and or statutory certificates :
